On 5-26-60 New York Office was advised by [redacted] a sugar broker with offices at NYC and who has sugar interests in Cuba, that group approached him on 5-23-60 with proposition whereby [redacted] would purchase up to 1,000,000 tons of Cuban sugar outside quota with proceeds to be paid in United States money and subsequently deposited in Swiss bank. [redacted] was given copy of a contract concerning purchase and was told that Fidel and Raul Castro would later sign contract on behalf of Cuba. [redacted] volunteered that transaction obviously is "dirty deal" and that Castro brothers probably intend to have proceeds deposited in their personal accounts in Switzerland but said he would go through with deal if United States Government interested.

Liaison contacted [redacted] of State Department on 5-27-60 and [redacted] subsequently advised State very much interested in transaction and requested us to inform [redacted] he would be contacted by United States official by 6-1-60. As [redacted] had told us he planned to let Dominicans know of proposition, we so informed [redacted] who asked us to relay State Department's request that [redacted] not do. State Department's instructions were relayed to New York and [redacted] was informed accordingly.

New York letter 6-10-60 quotes [redacted] as stating he was contacted by a [redacted] (phonetic) of State on 6-3-60 and told State most interested in proposition but matter outside State's jurisdiction and that [redacted] should continue to furnish data to Bureau. [redacted] said [redacted] mentioned nothing about not bringing proposition to attention of Dominican Government and that he still plans to advise Dominicans at proper time. [redacted] added that same group had again approached him subsequent to 5-23-60 in effort to finalize transaction and [redacted] repeated his willingness to go along with deal so long as United States Government knows what he is doing.

OBSERVATIONS:

When [redacted] of State Department was contacted on 5-24-60, he was emphatic about State's interest in matter and expressed deep concern that [redacted] would negate potential propaganda value if Dominicans were given data. Although he had us tell [redacted] a U.S. official would contact [redacted] by 6-1-60, [redacted] did not do so until 6-3-60. Manipulation of sugar market is completely outside our province and State was presumptuous in referring [redacted] back to us if such was done in fact. State certainly should have given [redacted] some advice as to the responsible agency [redacted] indicated on 5-24-60 that Agriculture is directly responsible).

b7C

ACTION:

Attached is letter to State Department setting the records straight and flatly informing State we are not accepting any additional information concerning this sugar deal from [redacted] New York is being furnished a copy of our letter to State Department with instructions that [redacted] be so informed.

Four Russian submarines have been purchased in East Germany, according to an official statement by a correspondent of the European news agency "NANA." Although there is no foreign exchange in Cuba, thousands of dollars are being paid to Russian instructors who have arrived in Cuba to teach the Cubans the operation of the submarines.

In line with the above and regardless of the expense, the Bay of Nipe, which is the largest bay in Cuba, is being prepared to serve as a base for the submarines. In connection with this, properties have already been occupied and expropriated by the Cuban Government from the United Fruit Company, which formerly maintained large strategic and valuable installations on this bay. While the United States Naval base located at Guantanamo Bay, Cuba, faces toward the Panama Canal to the south, the above submarine base at Nipe Bay faces north toward the United States coast.

The police stations in Cuba are manned by 150 men utilizing fifty men per shift. There are 1,500 men assigned to Cuban Rebel Army Commands in each province. These are utilized on three shifts per day. There are presently four operational columns containing 400 men each in the Sierra Maestra, Cubitas (Camaguey), Escambray (Las Villas), and Los Organos.

Subject: CUBAN POLITICAL ACTIVITIES

Political matters - Cuba

This is to advise that during a conference with Ambassador HENRY J. TAYLOR, American Embassy, Berne, Switzerland, on 6/21/60, he mentioned the Cuban Ambassador to Switzerland, ~~SALAZAR SANCHEZ~~. He advised that ~~SALAZAR-SANCHEZ~~ has been quite outspoken in his criticism of the CASTRO Government and has indicated on one occasion to the Ambassador that he might resign his position, renounce the CASTRO Government and could possibly seek refuge at the American Embassy in Berne. Ambassador TAYLOR stated that he is somewhat concerned since he does not feel that SALAZAR could have remained as Cuban Ambassador in Berne if he was not loyal to the CASTRO Government. Ambassador TAYLOR, therefore, has warned all employees of the American Embassy to be extremely circumspect in any dealings with SALAZAR. The Ambassador feels that the Cuban Government could possibly set a trap in order to embarrass the United States Government whereby SALAZAR could defect to the American Embassy and then the Cuban Government could accuse the United States Government of having kidnapped SALAZAR.

Any further information regarding this situation received by this office will be furnished to the Bureau.

FOREIGN POLITICAL MATTERS - CUBA

Reurairtel and memorandum 6-27-60.

New York's interest in keeping the Bureau advised of all developments deemed pertinent is appreciated. However, the memorandum contained nothing but public source data which is readily available to the Bureau and to other Government agencies in Cuba as well as the United States. In this instance, the submission of the memorandum was unnecessary, resulting in the use of agent and clerical time which could have been spent to better advantage.

It is reiterated that information concerning the Cuban situation of intelligence value and of interest to other Government agencies which is not public source data must be furnished the Bureau promptly and in suitable form. We do not want the Bureau used as a transmission belt for material that is common knowledge or is readily available to persons having access to publications and periodicals.

Re: Foreign Political Matters - Cuba

[REDACTED], an American Businessman who has connections in Havana, Cuba, furnished on June 23, 1960, copies of a teletype which he had received during the past several days concerning developments in Cuba.

b2
b7D

[REDACTED] advised that it was reported to him that Comandante Ernesto "Che" Guevara, President of the National Bank, appeared on television on June 18, 1960, and made the following statements of interest:

1. Another great power, referring to Russia, has oil, the ships to carry it and the disposition to supply Cuba with all the petroleum products needed.

2. A lack of petroleum in Cuba could bring the revolutionary program to a halt but it is fortunate for Cuba that Cuba does not stand alone in this respect and that Cuba has good friends who have the oil and the resources to deliver it.

3. The United States is waging constant aggression against Cuba and the United States Naval Base at Guantanamo should be called an enemy base within the territory of Cuba. Guevara said that the existence of this base is constantly provoking frictions and threatens to develop into the "Maine" of the present era.

4. The United States has bases 90 miles from Cuba for light planes in order to constantly attack Cuba and attempt to damage its economy.

5. The Cuban Proletariat must understand the Revolutionary Government and constantly produce more with their work.

Foreign Political Matters - Cuba

6. Foreign monopolies and private enterprises have been the main causes of the economic corrosion in Cuba and that is the reason why these causes must be completely eradicated.

7. If the Revolutionary Government's program is strictly followed, unemployment in Cuba should end by the middle of 1962 and that the per capita income should be doubled within the next ten years.

8. All this will be achieved with one state and labor control enterprise which will absorb all industry in Cuba and will be called, "The Pueblo Company, S.A." as it was christened by Fidel Castro, Prime Minister of Cuba.

 stated that also contained in this summary teletype was certain items of interest which had appeared in the press over the past weekend in Havana, Cuba and the main highlights were:

b2
b7D

1. Dr. Salvador Massip had been designated Cuban Ambassador to Poland and Dr. Jose Stolik had been designated as Cuban Charge d'Affairs in Canada, substituting for Cuban Ambassador Dr. Luis Baralt, Jr., who resigned his post.

2. The Cuban Economic Mission, headed by Captain Antonio Nunez Jimenez signed a final agreement on June 18, 1960 for the Soviet export of petroleum and petroleum products to Cuba. It was reported that the minimum oil shipments from Russia to Cuba will be 25 per cent of Cuba's needs. It was also reported that Cuba would save \$24 million per year at the price obtained for the Soviet oil products.

Foreign Political Matters - Cuba

3. It was also reported that a cultural agreement had been signed between Cuba and Russia consisting of the exchange of artistic representatives from both countries. The Russian Ballet of Georgia would be in Havana during the week of June 20, 1960 and Alicia Alonso and the Ballet de Cuba is on its way to Moscow. It was also reported that expected soon in Havana, Cuba would be the chorus of the Red Army.

4. The Executive Council of the University of Havana was scheduled to meet on June 20, 1960 to dishonorably discharge Dr. Aureliano Sanchez Arango from the University of Havana because Dr. Arango has been waging a campaign against the Revolutionary Government of Cuba from abroad.

 stated that his source in Havana furnished in a second cable dated June 20, 1960, a summary of statements of interest made by Comandante Raul Castro on television on June 19, 1960. The points of interest in Raul Castro's speech were as follows:

b2
b7D

1. Cuban youth has proven all over the world the vulnerability of Yankee Imperialism.

2. The United States is quickly completing the digging of its own grave with its imperialistic policies.

3. Youths from all over the world will come to Havana, Cuba to drink the knowledge that Cuba, the source of a new world revolution, offers them so that they may once and for all cut out the cancer of Imperialism from their respective countries.

4. Yankee Imperialism was represented by old men who always characterized youth as immature and incapable.

Foreign Political Matters - Cuba

5. Yankee Imperialism is represented by an eagle whose claws are dull by the incessant wounds inflicted upon the people of the world.

6. The first half of the twentieth century for Cuba has marked the end of Yankee Imperialism. In their attempt to survive in Cuba they have been represented by such negative elements as the late ex-Captain Beaton and abroad by simple professional mercenaries who are compelled to fight against Cuba in order to make a living.

7. Despite the armed concentration of power which the Imperialists have, like Cape Canaveral, Key West and others, these bases will be of no avail to the United States in their fight against the Cuban Revolution. The United States Naval Base at Guantanamo will be useless and in time will again become Cuban property because everything in Cuba belongs to the Cuban people and eventually will come back to the Cuban people.

8. After helping to establish the dictatorship of Generalissimo Rafael L. Trujillo in the Dominican Republic, the United States has now decided to attack him in order to look for a reason to attack Cuba later on. Raul Castro said that Cuba will never allow a comparison to be made between Cuba and the Dominican Republic because you cannot compare a military dictatorship with a government by the humble, with the humble and for the humble.

9. The Revolutionary Government is supported by Cuban and world youth. Imperialistic monopolies, like the oil monopolies, will disappear and now is the time when the true friends of Cuba are known. Sites

Foreign Political Matters - Cuba

have already been chosen and the way to complete victory is long for Cuba but will finally be completely independent from Imperialism. Raul Castro stated that any fate is preferable than to again fall under the control of the Imperialists. He stated Cuba has chosen its course and the future promises great expectations.

Concerning ex-Captain Beaton, mentioned above, it is noted that this is a reference to ex-Captain Manuel Beaton, who for several months had led a group of counter-revolutionaries in the Sierra Maestra against the Cuban Government, who was captured and put to death during the week of June 13, 1960.

[redacted]

On July 6, 1960, [redacted] Impala Trading Corporation, 82 Beaver Street, New York City, advised that [redacted] of the Miami office of this firm was contacted telephonically on July 5, 1960, by [redacted] who purchases equipment for the Cuban Government. [redacted] inquired about the possibility of leasing tankers to deliver crude oil to Cuba. [redacted] told [redacted] there would be a tanker in New Orleans around July 15, 1960, which would be available for hire but [redacted] indicated disinterest since the capacity of the tanker was too small. [redacted] stated two unknown sea captains connected with the Impala Trading Corporation had indicated they would contact the office of Aristotle Onassis, Greek shipping magnate.

[redacted] Jennell Gas Company, New York City, advised on July 6, 1960, that it was his opinion the seizure of oil refineries in Cuba was not directed by the Russians but instead would prove embarrassing to the Russians because of an inability to supply sufficient crude oil to Cuba and primarily in view of a lack of tankers. [redacted] indicated he had heard a rumor that approaches would be made to Onassis to supply the tankers but he doubted Onassis would agree. He based this opinion on the fact that Onassis knew his contracts with large oil companies would be cancelled if he took such action.

FOREIGN POLITICAL MATTERS - CUBA
INTERNAL SECURITY - CUBA

On June 24, 1960, a confidential informant, who has furnished reliable information in the past and who was formerly a Cuban Army officer before resigning in 1959, advised that he had received the following information recently from a trusted friend who holds a high position in the Cuban Revolutionary Army:

The informant stated that although the information had been received by him just prior to June 24, 1960, it had been sent to him from Cuba on or about June 9, 1960. The informant pointed out that his friend in no way agrees with the policies of the present Cuban Government but is unable to leave his post because of close surveillance and family ties in Cuba.

The informant was advised by his friend that things in Cuba were "getting worse." This friend felt that he would soon be replaced in his job. He indicated to the informant that he did not know where he would be sent if relieved of his present post. In this connection the informant was told that the "Gestapo" in Cuba is terrible.

It was reported to the informant that Cuban Prime Minister Fidel Castro was expecting to confiscate the oil companies in Cuba, but was biding his time in order to be in a better position. In this connection, Castro had stated at a recent meeting that he was delaying this action not because of fear, but because of "intelligence." It was the opinion of the informant's friend that Castro has consulted with Russia on the matter.

RE: FOREIGN POLITICAL MATTERS - CUBA

 It was stated to the informant that in addition to the Chinese who were already in Cuba, a project was underway to import over 20,000 Chinese for agriculture pursuits. The informant's friend indicated, however, that from statements made by Fidel Castro it was felt that the Chinese were not being brought to Cuba for agriculture purposes but would become a part of Castro's Army. It was believed that they would act as a "peasant militia" in the role of a repressive police.

Informant was told that in a recent secret meeting in Cuba, the idea was discussed concerning arranging for Russian military basis in Cuba. It was stated that this could be discussed when Soviet Premier Nikita Khrushchev visits Cuba or when Castro visits Russia. The informant's friend stated that at the present time the United States has to deal with Castro's Government and a few communists, but in the future the United States will have to deal with the above plus Russia.

The informant was told that individuals close to the informant's friend had stated that all free men of Latin America believed that the United States will have to return Cuba's sovereignty to her before July 26, 1960, and take Cuba out of the "paws of Russia." It was felt that if the United States did not take this action, it would give Fidel Castro time enough to sell the Island of Cuba to Russia.

According to the informant, he was told by his friend to discourage Cubans from returning to Cuba at this time since Cuba, today, is a concentration camp for Cubans.

Enclosed for the Washington Field and New York Offices are single copies of an item entitled "OAS Unit May Reject Cuban as Chairman," which appeared in the 6/30/60 issue of "The Washington Post and Times Herald," Washington, D. C.

The article mentions efforts of Cuba to displace Chile from a seat on the United Nations Security Council which Chile is presently scheduled to receive. The article indicates the Cuban Government is interested in having economic assistance to Latin-American countries removed from the province of the Organization of American States (OAS) and put under U.N. guidance so that Cuba could use the support of the Soviet and Afro-Asian delegations to good advantage.

Offices be alert to such maneuverings on the part of Cuba and promptly report information received indicating Cuba is attempting to influence the communist countries to have Cuba replace Chile on the U.N. Security Council.

OAS Unit May Reject Cuban as Chairman

By Karl E. Meyer
Staff Reporter

The unusually staid deliberations of the Inter-American

Economic and Social Council may turn into a full-scale political melee today over the question of electing a Cuban delegate as chairman.

By tradition, the vice chairman of the Council is automatically elected chairman. This year, this would mean the election of Enrique Perez-Cisneros, the Cuban delegate, who was named vice chairman last June when hemisphere opinion was more favorable to the regime of Prime Minister Fidel Castro.

It is reported that Ambassador Walter Muller of Chile will run against Perez-Cisneros, presumably with the backing of the anti-Castro bloc in the Council. Balloting will be secret.

Normal Function Technical

The 21-nation Council is a specialized subsidiary agency of the Organization of American States, and its function is normally technical rather than political. Some Latin American diplomatic sources express regret that the Council will become embroiled in a political fight.

However, sources hostile to Castro contend that the Cuban regime would interpret the election of Perez-Cisneros as a "defeat" for the United States and an endorsement for the economic views prevalent in Havana.

Furthermore, there is widespread bitterness over a Cuban move to displace Chile from the seat that country is

scheduled to receive in the United Nations Security Council. Cuban representatives at the U. N. have been canvassing the Afro-Asian bloc for support of a Castro-appointed delegate to the seat set aside for Latin America on the Security Council.

It also has been the announced policy of the Cuban government to oppose use of the OAS as a channel for economic assistance to Latin America. Cubans contend that the more appropriate vehicle is the U. N., where the Castro government could hope for support from both the Soviet and Afro-Asian delegations.

Turkel to Aid Move

For these reasons, it is understood that Harry Turkel, the United States Ambassador to the Inter-American Economic and Social Council, will give quiet support to the anti-Castro campaign at the Council.

Perez-Cisneros is a 20-year veteran of the Cuban foreign service. He is not regarded as a spokesman for the extremist wing of the Castro regime. In his view, the Council is a non-political agency that should ideally be insulated from diplomatic warfare.

The voting may be protracted, because an absolute majority of 11 is required for the election. The present chairman of the Council is Egydio da Camara Souza of Brazil.

Attached for each recipient is one copy of a memorandum dated July 6, 1960, at Washington, D. C.

The source of this information has not been contacted a sufficient number of times to determine his reliability. He has recently returned to the United States from Cuba and was apparently in a position to obtain the data which he related.

The source also advised of an incident which occurred in March, 1960, when representatives of the National Institute for Agrarian Reform (INRA) took control of an extensive rice plantation in Cuba. The manager of the plantation, a United States citizen, was offered a position in the Cuban Government on the condition that he attend a communist indoctrination school.

This memorandum becomes unclassified upon the removal of the classified enclosure. It is requested that the contents of the attached memorandum be closely guarded in view of the sensitive nature of the data.

This information which is incorporated in the attached memorandum in complete detail would appear to be particularly significant in view of the current interest as to whether the Cubans can operate their own oil refineries. The data as reflected in the attached memorandum has been disseminated to representatives of the State Department, the Bureau of Foreign Commerce, CIA and the three military agencies. Since the true significance of the information would be known only to technical experts and so that they would have the complete information, no attempt was made to paraphrase the data. In passing this information along, our liaison representatives have cautioned their contacts on the delicacy of the Bureau's source and the need that this information be most tightly held within their agencies.

Re: Foreign Political Matters - Cuba *BC 100/100*

An anonymous telephone call was received by the New York Office of the Federal Bureau of Investigation on June 28, 1960 from an individual who identified himself only as a magazine writer, who advised that one [REDACTED] (fnu) was preparing a blast against the United States in regard to our democratic elections. He said that [REDACTED] is a Spanish-speaking individual whom he met in California during the Chessman trial and that he is a contributor to the Cuban paper "Revolucion". He said that [REDACTED] slants things against the United States and made the government look bad in the Chessman case and that he is out to do it again. *b7C*

He stated that ten days ago he overheard a conversation at which [REDACTED] was present (at a luncheon in Schrafft's Restaurant). He speaks some Spanish and got the information that [REDACTED] had been in New York for three weeks and had been working on a ballot stuffing story which was to be presented to the UN to show that the United States elections are not democratic. He indicated that the gist of the story was that a Puerto Rican named [REDACTED] or the combination, had been defeated in a local New York City election because of ballot stuffing; that [REDACTED] and other officials were aware of the facts and could prove the case, but were not doing anything about it because the authorities did not want the Puerto Rican in the position involved. He indicated that when the story was completed, Puerto Rico would be flooded with a half million copies of literature on it and that it would also be sent to various Latin American countries. *b7C*

The caller had no other information except that he had noticed [REDACTED] with a paper or envelope which had the name "Orle" on it and thought this might be the printer in connection with the ballots.

The caller further stated that he knows the type material [REDACTED] does, that it can be harmful to the United States position, and feels something should be done about it. He also stated that the story which [REDACTED] was alluding to had been in New York papers about three months ago and that the fact that nothing had been done legally against those responsible for the ballot stuffing was the important thing. *b7C*

1942

Re: Foreign Political Matters - Cuba

The unidentified caller stated that he felt that [REDACTED] being Spanish speaking, would be found through a check of the Cuban Consulate or Cuban Delegation to the UN. He did not think he was an accredited correspondent. b7C

On page 18 of the "New York Times" issue of March 19, 1960, a [REDACTED] 32 years old, [REDACTED] said that he stuffed a ballot box last September in a Republican primary election in the 14th Assembly District and was being held in \$25,000 bail as a material witness in the alleged election fraud. This article states that [REDACTED] said he was a former Democratic district captain who put 68 ballots into a ballot box at the urging of other Democrats in the area. According to this article, Supreme Court Justice Irving L. Levey has ordered a recount of the votes in the district and received a request from [REDACTED] who lost a closely contested race for leader to invalidate the election.

Page 18 of the "New York Times" dated March 25, 1960 states that Supreme Court Justice Irving L. Levey ordered a recount on ballots cast in the 1959 Republican primary in the 14th Assembly District, East Harlem, where accusations of ballot box stuffing had been made. The article reflects that the court granted the application of [REDACTED] and directed the recount to start the following Tuesday at the East 104th Street Station.

The March 30, 1960 issue of the "New York Times", on page 32, states that the recount disclosed that more ballots were cast than there were registered voters. [REDACTED] declined to say whether the discrepancies appeared to be honest mistakes or supporting accusations of ballot box stuffing. The article states that in the last election district covered, 11 ballots were found to be unaccounted for. The article states, however, that this had been discovered by the election board and reported to the police when the board turned over the boxes and the records to them. The article continues that no one could account for the discrepancy which might have resulted from numbering, record keeping, or other sources of errors. The article states that the examination has two purposes, one, to discover whether [REDACTED] defeated [REDACTED] for the leadership b7C

Re: Foreign Political Matters - Cuba

as the first count indicated. [REDACTED] attorney for [REDACTED] conceded that the discrepancies turned up would not elect [REDACTED]

The other was to seek evidence to support or refute the charges of [REDACTED] that he and two others had been involved in ballot box stuffing in the Republican primary. This article states that [REDACTED] was taken to the station house to identify ballots he had marked by special fold before he put them into the ballot box. b7C

This article states that in addition to the ballots and signature books, tally sheets and records used in the election are to be examined under the court order. This article also stated that [REDACTED], Board of Elections, and [REDACTED] a Republican member of the board, were present at the recount.

The "New York Times" issue of March 31, 1960, on page 18, states that the recount was completed but the results were not disclosed pending a report to the District Attorney. The article states that at a press conference following completion of the recount, [REDACTED] attorney, [REDACTED] said that tabulation of the 12th Election District had shown that 22 persons had cast ballots whereas only 11 persons were qualified to vote as enrolled Republicans. The article concludes by stating that Elections [REDACTED], who was present at the recount, said later that the district had 40 qualified voters. b7C

NOTE: New York received an anonymous call which indicated that an unidentified magazine writer, possibly acting on behalf of Cuban Government, planned to blast U.S. democratic elections on basis of an incident involving ballot stuffing in a Republican primary election at NYC 9/15/59. New York, in its memo 6/29/60, traced the incident and furnished all documentation available at the time. That memo was well prepared and gave a good insight as to what material the unidentified magazine writer might use in blasting our election procedures. The follow-up memo 7/1/60 started out by quoting a New York newspaper of 6/30/60 that two New York residents had been arrested for ballot stuffing. No mention of basis for submission of the memorandum was made and it would be impossible for another agency to understand why the memorandum was submitted, especially when captioned "Foreign Political Matters - Cuba."

WASHINGTON 25, D. C.

FOREIGN POLITICAL MATTERS-CUBA
INTERNAL SECURITY - CUBA

On July 1, 1960, a confidential informant, an American citizen and a resident of Cuba for approximately the past five years, furnished the following information to Special Agents of the Federal Bureau of Investigation:

[REDACTED] who is also known as [REDACTED] and who is the [REDACTED] of the Arrozal Bartes, Company, a rice production company situated near Jobabo, Cuba, as well as the [REDACTED] of two sugar "centrals" and [REDACTED] of four railroad companies, including the Cuban Railroad Company with offices in Havana, Cuba, [REDACTED]
[REDACTED]

b7C
b7D

Informant described [REDACTED] as an advocate of Cuban nationalism who is interested in seeing Cuba attain stature as an independent country based on a government modeled after the United States Government. [REDACTED] has reached the conclusion, according to the informant, that the current Cuban government is completely communist dominated and would have to be overthrown or replaced to eliminate the communist influence.

b7C

[REDACTED] has the following plans for effecting a change in the Cuban government and the overthrow of Castro:

(1) Disruption of communications, which the informant feels has already begun since the informant noted a recent newspaper account of the destruction of a railroad wench of which there are approximately six in Cuba. [REDACTED] has control of all Cuban railroads from Santa Clara to the eastern most

part of Cuba and has a trusted relative in a key position with the railroads in Camaguey, named [REDACTED] (phonetic). The informant said that [REDACTED] is a Massachusetts Institute of Technology graduate and is in charge of the plan to overthrow the government in the Camaguey area. b7C

A sabotage group has been formed for the blowing up of certain bridges and tracks at key points. The size of the sabotage group is unknown but is believed to have been formed or in the process of being formed. An alternate sabotage group is also planned in the event something happens to the first group.

(2) It is also planned that once a revolution has begun, the commercial pilots for the Cubana Airlines and "Q" Airlines who are in the [REDACTED] would fly their aircraft to the United States.

(3) There are eleven pilots in Cuba who are willing to fight against the Cuban Air Force once the fighting has commenced, four of whom are [REDACTED] of the Gomez Crop Spraying Company, [REDACTED] a former Commandant, Second Front of the Escambray, which was a part of Castro's revolutionary army, and who currently works for the Gomez Crop Spraying Company, [REDACTED] also a former Commandant of the Second Front of Escambray, and [REDACTED] a pilot in the "Q" Airlines, who is a jet flyer. b7C

(4) Two plans to kidnap Fidel Castro.

a. Castro has a private railroad car and in order to utilize the car he must notify the railroad in advance as to his intention to use it and his itinerary. Prior to the time any fighting commenced, trusted engineers would be installed on the train, noting that Castro's car is usually hooked on to a regular passenger train. It is planned to slow down the train on a curve or some other suitable place, and unhook Castro's car while the train is in motion so that passengers in the other cars will be unaware as to what is going on. An appropriate group will then attempt to kidnap Castro from the disconnected railroad car at the previously designated location.

~~SECRET~~

RE: FOREIGN POLITICAL MATTERS-CUBA

b. Castro meets with [REDACTED] regularly to discuss at conferences routine transportation problems. Castro is seldom accompanied by more than one or two persons at these conferences and could be readily overwhelmed. b7C

After the kidnapping of Castro, [REDACTED] has plans to make a television appearance to solicit additional assistance from the Cuban populace, explaining to them that Castro has been kidnapped and the government is in the process of re-organization. [REDACTED] has approximately 6,000 employees in his various enterprises, the majority of whom he feels would follow him, and he expects many more supporters because of the popularity of his family through liberal employment benefits and family charity.

The informant advised that Castro's movements are being watched for the opportune moment to kidnap him. One of [REDACTED] followers, [REDACTED] is friendly with a female secretary of Castro and Castro's movements are known through her. The informant said that Castro's secretary is not in the confidence of [REDACTED] and his followers and that Castro's movements are checked through other persons but the informant does not know who they are. b7C

[REDACTED] has not contacted the American Embassy in Havana soliciting assistance regarding his plans since he claims to know of a "leak" in the American Embassy. However, the Agricultural Attache at the American Embassy, [REDACTED] who also claims to be aware that a "leak" exists at the American Embassy, has agreed to inform Ambassador Philip Bonsal of a desire on the part of [REDACTED] to discuss a "confidential matter" with the Ambassador, away from the Embassy. [REDACTED] does not know of [REDACTED] plans for the overthrow of Castro.

The informant stated that although the Cuban government, through the National Institute for Agrarian Reform (INRA) has confiscated much of [REDACTED] holdings, [REDACTED] still maintains control of the railroads. It is the informant's and [REDACTED] opinion that the reason there are any holdings remaining is because [REDACTED] has superficially cooperated with Castro and gives Castro, personally, and the government, anything they ask for. b7C

On July 9, 1960, [redacted] Eastern Air Lines, Miami, Florida, advised our Miami Office that he had learned from [redacted] of the Cubana Airlines in Miami that Cubana Airlines pilots had stated Fidel Castro on July 9, 1960, or July 10, 1960, would proclaim over radio and television that the Cuban people should "have open revolt on all Americans found in Cuba." Bonds also advised that all crews of major airlines having flights to Cuba are refusing to fly to that country.

On July 9, 1960, a former Cuban intelligence official, during the Batista regime who is now residing in Miami advised that the Cuban Radio Station "Tambi" on July 9, 1960, carried an announcement by [redacted] described as a communist [redacted] that all Cubans should join the revolution against the United States by July 10, 1960. It is noted that at 2:30 p.m. on July 9, 1960, "Tambi" announced that an attack had been made on the life of [redacted] and that friends in his company at the time had been wounded.

The above will confirm data furnished orally to [redacted] Office of Naval Intelligence; [redacted] Department of the Army; [redacted] Central Intelligence Agency; [redacted] Department of the Air Force; and [redacted] Department of State, by Special Agent [redacted] of this Bureau on July 9, 1960.

The above-mentioned former Cuban intelligence official later on July 9, 1960, advised that he had learned Fidel Castro made an announcement on July 8, 1960, over a "chain broadcast" that all workers from the sugar mills and from other walks of life should get their rifles ready. Fidel Castro was quoted as stating that the workers should not worry if they had no rifles because each Cuban would be given a new, most modern automatic rifle and would be ready to fight because "We will not let the United States Marines set foot in Cuba." Castro reportedly called on everyone to come to the presidential palace for his planned speech on July 10, 1960. The Cuban Radio Station "Rebelde" reported that many Americans were leaving Cuba for the United States and "Rebelde's" comment concerning this report was "good riddance."

On July 10, 1960, [REDACTED] previously mentioned, ^{b7C} was interviewed by our Miami Office. [REDACTED] stated he had been in contact with Cubana Airlines pilots but had received no information from them to the effect that Fidel Castro planned to urge the Cuban people to openly revolt against Americans found in Cuba.

The Cuban Revolution, FIDEL CASTRO, and the policies of FIDEL CASTRO's government against the United States are serving as the fertile field for a harvest of anti-U. S. propaganda and actions by the Cubans, supported by local Communist elements in Brazil, Argentina and Uruguay.

The "Brasil Herald," Rio de Janeiro newspaper, reported in its edition of June 3, 1960, that Cuban President OSVALDO DORTICOS, at a press conference in Rio de Janeiro the preceding day, had accused the United States of economic aggression against Cuba and stated that Cuba is not controlled by Communism. At this press conference it was reported that DORTICOS stressed the importance of ridding the Western Hemisphere of dictators but said this must be done by the citizens of each nation.

The principal enemies of the Cuban Revolution are the large landowners and, principally, those North Americans, whose lands had been expropriated and indemnification paid; that relations with the Catholic Church could not be better; that Cuba desires the friendship of all people but does not have to consult with any foreign power for support; that the technical help of the United States which had just been withdrawn was insignificant; that elections would be held in Cuba when the revolution is consolidated and the people desire elections, which, to this point, had not been solicited; that Cuba is consulting with undeveloped countries in Asia and Africa on economic themes looking for common solutions; that the stories of Communism and Communists among the Cuban Government officials were fables of the Yankees and, therefore, ridiculous; and that all was going well for the Cuban Revolution.

Reportedly, the above-mentioned press conference lasted approximately two hours.

A meeting in Plaza Libertad, which DORTICOS had planned to attend for the purpose of speaking, was not held on May 30, 1960, and DORTICOS sent a communication of regret giving the indication that the local authorities had been the cause of his not being allowed to appear, which, [REDACTED] was true.

SUBJECT: FOREIGN POLITICAL MATTERS - CUBA
INTERNAL SECURITY - CUBA

As set out in prior memoranda, we previously received information from [redacted] of New York City concerning alleged pro-Castro and procommunist group located in American Embassy, Havana. [redacted] furnished similar information to Central Intelligence Agency (CIA) and to General Cushman of Vice President Nixon's office. He claimed to have received his information from various sources including a Cuban exile [redacted], [redacted] (NBC representative in Havana who was recently expelled from Cuba), and "New York Times" correspondent, [redacted]. Inquiries have indicated that [redacted] is irresponsible and immature individual who has spy complex. Moreover, on interview, [redacted] denied knowledge of allegations advanced by [redacted].

New York Office, by airtel 6/24/60, has now furnished results of interview with [redacted]. Although claiming to have no specific information regarding [redacted] charges, [redacted] said it was generally agreed that U. S. Embassy in Havana has been penetrated on high level by Americans who are pro-Castro. [redacted] expressed conviction that Castro government is aware of important information which originated in our Embassy, although he furnished no specific details. Moreover, he pointed out that [redacted] had commented that he had received nothing but pro-Castro reports during his service in Havana. [redacted] suggested that [redacted] be interviewed regarding pro-Castro activities at U. S. Embassy and also suggested [redacted] be contacted as she was acquainted with known top Communist Party (CP) member in Cuba, not identified, and possibly had information concerning pro-Castro or procommunist activities at our Embassy. [redacted] said [redacted] will be in Miami from about 6/30 to 7/3/60. [redacted] also said that he had heard that a [redacted] (phonetic) was operating private intelligence organization for Vice President Nixon regarding Cuban situation, since Nixon does not want to depend on State Department data.

OBSERVATIONS:

Our files contain no derogatory data concerning [REDACTED] and indicate that she has been objective reporter of Cuban affairs without pro-Castro bias. It is felt that in order to definitely nail down loose allegations concerning alleged procommunist group at American Embassy in Havana and particularly in view of [REDACTED] statement that [REDACTED] had a high-level contact in Cuban CP, we should interview her during her visit to this country for any information of interest she might have concerning this matter. Regarding possible interview of [REDACTED] it is not felt that we should interview him in the absence of more specific indications that he has information of interest to Bureau. It is felt that by such interview we would probably be injecting ourselves into a political controversy between various State Department factions in regard to U. S. policy concerning Castro. Moreover, it can be presumed that if [REDACTED] had any information of security interest concerning activities at the American Embassy he would have already furnished it to State Department and that State would, in turn, have reported it to Bureau. b7C

Regarding Vice President Nixon's reported use of [REDACTED] (phonetic) as intelligence source on Cuba, it is felt we need make no specific inquiry in this regard, but that we should furnish the comments of [REDACTED] to General Cushman via liaison and accept any information he might desire to volunteer. b7C

ACTION:

(1) Attached is airtel to Miami, with information copy for New York, instructing Miami to arrange to interview [REDACTED] during her forthcoming visit to Miami and to determine if she has any information which would substantiate [REDACTED] allegation or which would indicate pro-Castro or procommunist activities at the American Embassy in Havana. Sent [Signature]

(2) Appropriate Liaison Agent should contact General Cushman and advise him that for his information during a recent interview with [REDACTED] of NBC, the latter stated he had heard that a [REDACTED] was running a private intelligence organization for the Vice President concerning the Cuban situation, since the Vice President is interested in obtaining first-hand data without being dependent on the State Department. [REDACTED] a Board of Elections [REDACTED] is a Republican [REDACTED] in the 14th Assembly District East where the irregularities occurred, and [REDACTED], who is unemployed, was a Republican Primary worker in the District.

The article states that the results of the recount have not yet been announced.

It is to be noted that on June 28, 1960, the New York Office of the Federal Bureau of Investigation received an anonymous telephone call from an individual who identified himself only as a magazine writer who advised that one [REDACTED] (First Name Unknown), was preparing a blast against the United States in regard to our democratic elections. He stated that he overheard a conversation in which [REDACTED] was present, that [REDACTED] had been in New York working on a ballot stuffing story which was to be presented to the United Nations to show that the United States elections are not democratic. He indicated that the gist of this story was that a Puerto Rican named [REDACTED] or the combination, had been defeated in a local New York City election because of ballot stuffing; that [REDACTED] and other officials were aware of the facts and could prove the case but were doing nothing about it. *b7C*

It is also to be noted that the "New York Times" issue of March 19, 1960, states in substance that the above-mentioned [REDACTED] was being held in \$25,000.00 bail as a material witness in an alleged election fraud in that he said he stuffed a ballot box in a Republican primary election in the 14th Assembly District in which one of the candidates was an [REDACTED] b7C

The March 25, 1960, issue of the "New York Times" states that a recount on the ballots cast was ordered and the March 30, 1960, issue of the "New York Times" states that the recount disclosed that more ballots were cast than there were registered voters.

The issue of the "New York Times" dated March 31, 1960, states that the recount was completed but the results were not disclosed pending a report to the District Attorney.

Dear Dick:

We have received two separate reports indicating Fidel Castro plans a mass march on the United States Naval Base at Guantanamo Bay in Cuba.

On July 14, 1960, a Cuban exile in Miami, Florida, who is reported to be anti-Castro, furnished information which he had received from a source in Cuba in whom he has confidence. This source told him that Fidel Castro is organizing a mass march on the United States Naval Base for July 26, 1960. It is reported that Castro will address a political rally on that date, possibly in Santiago, Cuba, and during the speech will direct a mass march of peasant men, women and children into the United States Naval Base to drive the Americans out. This source said Castro was of the opinion the Americans at the Base will not fire upon the unarmed intruders.

Another source in Miami, Florida, who was an official of the Batista regime in Cuba, advised on July 14, 1960, that he had heard rumors from sources in Cuba that a march of unarmed women and children on the United States Naval Base was planned for an unknown future date.

This information has been made available to interested Government agencies.

[REDACTED] stated the Central Bank and Trust Co., has not been the recipient of the letters of credit mentioned in the enclosure. He suggested that the most probable bank to have received the letters of credit other than the Curtiss National Bank, Miami Springs, mentioned in the enclosure, is the Metropolitan Bank of Miami.

On a confidential basis, [REDACTED] suggested that [REDACTED] Curtiss National Bank, be contacted should this office desire to review the letter of credit with that bank. [REDACTED] suggested that if it is desired, that a determination be made whether the Metropolitan Bank has received letters of credit, [REDACTED] of that bank be contacted. b7C

The Miami Office will review the letter of credit with the Curtiss National Bank, Miami Springs, Florida, in an effort to ascertain whether that fund is being used for intelligence purposes. It will also establish whether other banks in the Miami, Fla., area, including the Metropolitan Bank, has received letters of credit similar to those mentioned in the enclosure, and if they have been received, they will be reviewed in an effort to establish whether the accounts have been issued for intelligence purposes.

RE: BANK FOR FOREIGN TRADE

[REDACTED] furnished the following information
on July 6, 1960, which he had received on July 5, 1960,
from an official of a bank in Havana, Cuba.

b2
b7D

[REDACTED] described his source as completely
reliable.

The Cuban Government is currently in the process
of organizing a bank in Cuba called "Bank For Foreign Trade".
Four Russians, names unknown, have been brought to Cuba
in order to organize the bank. All public funds in Cuba
will be placed in the bank thereby forcing all other banks
in Cuba to go broke because of lack of funds. In approximately
3 or 4 months, when all other banks in Cuba have gone broke,
they will be absorbed by the "Bank For Foreign Trade".

Recently three letters of credit have been issued
by Banco Pujol (Pujol Bank), Havana, Cuba, to banks in the
Miami, Florida, area. One of the banks to whom the letter
of credit was issued, was the Curtiss National Bank, Miami
Springs, Florida. One of the letters of credit, bank
unknown, was for the amount of \$25,000.00. The amount of
the letters of credit to the other two banks is unknown.
The letters of credit bear the notation that money is to be
paid only upon the issuance of a receipt signed by [REDACTED]
(First name unknown) [REDACTED] who is located in Cuba. The
letters of credit also stipulate that payments are to be
in small amounts. The letters of credit did not specifically
specify for what purpose money was to be paid. [REDACTED]
commented that this is a most unusual procedure in banking
circles, as letters of credit usually specify for what
money is to be paid.

b2
b7C/D

ENCLOSURE

105-1817-1969

The source informed [REDACTED] that when the letters of credit accounts were opened in the banks in the Miami, Florida, area, the banks were informed that the accounts were for the purchase of airplane parts. [REDACTED] said the source indicated the accounts were for intelligence purposes; however, the source furnished no substantiating information for his assertion.

b2
b7D

The above mentioned [REDACTED] probably refers to a [REDACTED] who is the [REDACTED] of the Cuban Air Force. *1. C. F. A.*

FOREIGN POLITICAL MATTERS - CUBA

Reference is made to Miami teletype 7/14/60 captioned "Cuban Political Activities, IS - Cuba" which, for the information of offices that did not receive, indicated Cuban radio station has broadcast appeal to all Cubans to tell their friends and relatives in U.S. to go to New York City for large demonstration to be led by July 26 Movement on July 18, 1960. Demonstration apparently is to be in conjunction with contemplated appearance before United Nations of Cuban Foreign Minister Raul Roa to voice charges of economic aggression by U.S. against Cuba.

Should such a demonstration materialize, proper coordination of coverage should produce material data regarding such matters as identification of militantly active pro-Castro elements in U.S. and, particularly, in New York City who participate; extent to which Cuban diplomatic establishments encourage or facilitate the demonstrations; extent to which propaganda is distributed and nature and source thereof; and should afford a keen insight into the capacity of pro-Castro groups to organize political demonstrations in U.S. It is particularly desirable to identify those who might organize such a demonstration and to determine at whose direction they may be acting.

RE: Foreign Political
Matters - Cuba

On July 1, 1960, [REDACTED] was interviewed at the Hotel Leamington, Miami, Florida. She advised she has been living in Cuba for the past 32 years and has been a correspondent for the [REDACTED]

[REDACTED] advised that she was familiar with the American Embassy personnel in Havana, and meets them both socially and officially. [REDACTED] said that she had written and published a book entitled, [REDACTED] which deals with the Republic of Cuba. In the last chapter of this book, she criticizes the United States State Department policy and personnel in Cuba and South America, for timidity, indecision, lack of policy and action, fear, and failure to take a stand concerning any point of conflict that arises. b7C

[REDACTED] cited as an example [REDACTED] American Embassy officer in Havana, who is completely unaware when American citizens are arrested and placed in jail in Cuba, and who, when he finds out, takes a long time getting to their place of incarceration, and when he arrives he gets the "run-around", sits and waits, is not effective, and seldom effects the release of any United States citizens incarcerated. CUBA
U.S.

[REDACTED] stated that British Embassy officials act immediately, get results, and if in any way delayed by local Cuban authorities, strongly protest at the Cuban government, and following this policy have had very good results.

109-12-210-1982
ENCLOSURE

Foreign Political Matters

[redacted] stated she usually considers State Department personnel in the American Embassy as being of two distinct types. The first is the political appointee, who is unable to speak the language where assigned, lacks experience, is generally unaware of his responsibility, and does not know how to solve the problems that confront him.

The second is the career diplomat or career personnel, who from experience found that doing nothing and making no decisions, they are not criticized at a future time. b7c

[redacted] stated that the lack of policy by United States State Department and lack of efficient personnel in the American Embassy in Havana, has seriously effected the United States' position in Cuba. She said she had no reason to believe that any of the officials or personnel in the American Embassy in Havana, had any Communist Party connections, sympathy to the Fidel Castro government, or were directly or indirectly conscious of aiding the Cuban government in its present anti-United States and pro-Russian policy.

118A [redacted] said she had written articles for a number of years against the Communist Party, and had been for years criticized by the Cuban Communist newspaper, "Hoy". She has met Carlos Raphael Rodriguez and [redacted] Communist Party leaders in Havana. She described them as being "slippery", persons from whom she has received no information and who have never been cooperative with her. b7c

[redacted] said she knew of no large scale counterrevolutionary plot in existence, reportedly sponsored by the Cuban government to entrap counterrevolutionists.

[redacted] said that numerous arrests of Cuban citizens are made daily, these persons are charged with counter-revolutionary activities, and the jails in Cuba are crowded with persons accused of this type activity.

Foreign Political Matters

[REDACTED] said that two new sources of hers stated that they suspected the Cuban government sometime in the future would arrest certain persons in the business and press media, suspected of opposing the Cuban government's policy and charge these individuals with counterrevolutionary activity.

[REDACTED] said that when that one source was a former July 26 Revolutionary Movement member, and the other person is a long time member of the Cuban Air Force, of which the Cuban government has been unable to find him guilty of any crimes associated with the former Fulgencio Batista regime in Cuba.

8. APPROX. 1939

[REDACTED] said that about three months ago, [REDACTED], about 21 years of age, and son of a book publisher in New York City, came to Cuba with a Jewish Rabbi, to present Fidel Castro with a Bible. [REDACTED] was unable to personally present this Bible to Castro, and subsequently left it at Castro's office, where some employee in Castro's office would give it to him.

[REDACTED] said that [REDACTED] stayed at the Hotel Nacional in Havana, and spent his time with local girls in different hotels and bars enjoying life. [REDACTED] had no reason to believe that [REDACTED] had any employment or that he was involved in Cuban revolutionary activities.

[REDACTED] reiterated her concern over the rise of Communism in Cuba, criticism of the United States State Department policy in South America, and the degenerating position of influence and leadership of the United States in Latin America.

On 7/8/60, [REDACTED] was contacted and advised of information in reBuairtel.

In Uruguay, the Uruguay Secret Police advised him they had received some information about a possible strike against him by CASTRO agents in that country, but he personally received no threats and nothing ever materialized. b7C R

[REDACTED] said that in Miami he has received no threatening telephone calls and his newspaper in its "Letters to the Editor" section receives about 50% criticism from pro-CASTRO individuals and about 50% from anti-CASTRO individuals. Subject: FOREIGN POLITICAL MATTERS - CUBA

On July 14, 1960, a former official of the Batista regime who is now in Miami, Florida, advised that "Rebeldes," radio station of the Cuban Government, had announced a large demonstration was to take place in front of the United Nations Building, New York City, on July 18, 1960. The broadcast requested that people in Cuba tell friends and members of their families in the United States to go to New York City because the July 26 Movement is going to lead the demonstration.

The source advised that Raul Rza, Cuban Foreign Minister, may speak before the United Nations on July 18, 1960, as he is in the United States reportedly to voice charges of economic aggression by the United States against Cuba before the United Nations. According to this source, Rza has been anti-United States since 1925 and is known in Cuba to be on friendly terms with anti-United States and procommunist organizations and publications.

By my memorandum to you 6/28/60 approval was obtained to disseminate copies of Legat, Havana's, intelligence survey which was prepared 6/15/60 to Vice President Nixon, State Department, Central Intelligence Agency (CIA), The Joint Staff and the military agencies.

A summary prepared in January, 1960, was furnished the above-mentioned since a comprehensive picture of the Cuban situation was presented. The 6/15/60 summary is well prepared and emphasizes the pro-Soviet and procommunist activities of Castro's government as well as the vitriolic attacks on the U. S. from Cuba.

On June 24, 1960, a confidential informant, who has furnished reliable information in the past and who is in exile in the United States after having been a Cuban Army official for a number of years, advised that he had received the following information from a friend in Cuba who is an officer in the Investigative Division of the Cuban Revolutionary Army.

It was stated that in the event [REDACTED] proceeds with his plans for publishing a newspaper in the Miami area, "something bad" would happen to him. The informant was told by his friend that the Cuban authorities were preparing a "strike" against [REDACTED] b7C

When questioned concerning this matter, the informant stated that his friend had learned through sources in the present Cuban Government that they planned either to murder [REDACTED] in Miami, Florida, or to secretly kidnap him and transport him to Cuba for appropriate action.

[REDACTED] Cuban citizens presently residing in Miami, have furnished Miami Office considerable data concerning "Russian agents" in Cuba which originated with [REDACTED] an official of the Cuban Ministry of Agriculture, [REDACTED] described [REDACTED] as pro-U. S. and said he wants to leave his post and come to U. S. as resident.

[REDACTED] claims his business was taken over by Cuban Government and that he and his wife planned to become U. S. citizens. The [REDACTED] state [REDACTED] U. S. visa has been cancelled, but his wife and child presently hold U. S. visas. [REDACTED] claims he furnished names of 39 "Russian agents" in Cuba to U. S. Embassy, Havana, through [REDACTED] an Embassy employee who was to deliver the names to another employee, a [REDACTED] (phonetic). These names were furnished [REDACTED] by [REDACTED]. In addition, [REDACTED] was quoted as stating Soviet agents are attempting to obtain Cuban passports bearing Latin names for use in gaining entry into the U. S. and, in fact, that more than 10 such agents have already entered the U. S.

[REDACTED] told Miami Office an uncle, [REDACTED] is employed by "FBI in Los Angeles."

Miami recommends that Legat, Havana, [REDACTED] establish contact with [REDACTED] under suitable pretext for specific details concerning the Soviet agents in Cuba.

OBSERVATIONS:

Bufiles contain no record of [REDACTED] who reportedly is employed by FBI in Los Angeles. Since the names of the 39 Soviet agents reportedly have already been turned over to our Embassy in Havana, it is not believed desirable at this time to have our Legat contact [REDACTED] for additional details concerning them. It does appear that State [REDACTED] should have already done some checking on the names and we should request those agencies to furnish us the names

In January, 1960, Legat, Havana, furnished copies of a 26-page memorandum outlining developments in Cuba with emphasis on communist infiltration of Castro regime and deteriorating economic and social conditions in Cuba. This memorandum was based on compilation of data received from various well-informed sources and, although it was primarily to give Bureau a comprehensive picture of Cuban situation, in view of the excellent insight it provided, it was decided to disseminate copies to State Department, Central Intelligence Agency (CIA), The Joint Staff and military agencies. In fact, at the Director's instructions, we furnished a copy of this memorandum to Vice President Nixon. At the same time we instructed Legat, Havana, to submit such intelligence surveys on a periodic basis as it was felt such reports would be of considerable assistance to other intelligence agencies and would serve to enhance the Bureau's position as an important contributor of intelligence data concerning the Cuban situation.

We have now received another intelligence survey of Legat, Havana, dated 6/15/60. This report, which consists of twenty-two pages (double spaced) and which again represents a compilation of data furnished by various well-placed and well-informed sources in Cuba has been carefully reviewed. This summary presents a clear, incisive and forceful picture of current conditions in Cuba with emphasis on the increasing pro-Soviet and procommunist leanings of the Castro regime, the continued crisis in economic conditions and the blatant anti-U. S. campaign being waged by Castro. This report also provides some illuminating comments on the growing opposition to Castro in Cuban Catholic circles.

ACTION:

If you approve, we will disseminate copies of Legat's intelligence survey of 6/15/60 to the Vice President as well as to State, CIA and the military agencies including The Joint Staff. Prior to such dissemination, administrative details will be eliminated from summary.

[REDACTED] was arrested and served a jail sentence as a result of his participation in an attempt to smuggle arms and ammunition from the State of Florida, U.S.A., to Fidel Castro at the time Castro was still engaged in an armed revolutionary struggle against the government of Fulgencio Batista in Cuba.

b7C

[REDACTED] is an American citizen born in Puerto Rico, who has engaged in Puerto Rican independence activities for more than 15 years. [REDACTED] would use force and violence to achieve independence for Puerto Rico if he felt such a venture had a chance of being successful.

MOVIMIENTO LIBERTADOR DE PUERTO RICO (MLPR)

A confidential source advised on May 8, 1959, that the MLPR, formerly known as the Third Congress for Independence of Puerto Rico (TCIPR) was formed in January, 1959, by persons who had formerly been connected with the Accion Patriotica Revolucionaria (APR), Partido Independentista Puertorriqueno (PIP) and the Frente de Liberacion Nacional (FIN).

The MLPR, according to the source, is the New York branch of the Movimiento Pro-Independencia de Puerto Rico (MPIPR) which is located in Puerto Rico.

According to the source, the MLPR desires the independence of Puerto Rico and hopes to enlarge its ranks and orient the people to favor independence for Puerto Rico through peaceful means. The source stated that the MLPR leaders say privately that, if necessary, even violence will be utilized to gain the independence of Puerto Rico.

Another confidential source advised on April 27, 1959, the purpose of the MLPR is to gain independence for Puerto Rico through peaceful means with the use of picket lines, orientation of individuals and public protests.

According to the source, the MLPR is a non-political group and the leaders of the organization say they will not use violence to obtain the independence of Puerto Rico, but there are individuals in the MLPR who believe in violence.

The source advised that the MLPR does not maintain a headquarters office, but meets at the residences of various members of the MLPR.

RE: FOREIGN POLITICAL MATTERS - CUBA

On July 8, 1960, [REDACTED]
[REDACTED] U. S. Naval Station, Key West, Florida,
advised that on July 7, 1960, [REDACTED] in
the company of [REDACTED] and [REDACTED]
[REDACTED] visited [REDACTED]
[REDACTED] office.

[REDACTED] showed identification indicating he was
a Methodist minister residing at [REDACTED]
[REDACTED] and that he had just returned from
Havana, Cuba. [REDACTED] said he was invited to the Isle of Pines
to dedicate a chapel, and arrived in Havana on July 2, 1960,
for a conference with Cuban Methodist ministers. He visited
with [REDACTED]
who is reportedly well known to the American Embassy in Havana.

[REDACTED] said that [REDACTED] had information concerning
the construction of four missile bases in Cuba, their location
and would willingly make this information available to the
United States Government. [REDACTED] said he was a friend of
[REDACTED] of the American Embassy but was not certain whether
[REDACTED] had informed anyone in the Embassy concerning this
missile base information.

[REDACTED] stated that in his travels around Cuba he
came in contact with Cuban nationals who told him that over 500
Chinese Communists had arrived in Cuba, were employed as school
teachers and spoke both Spanish and English fluently. [REDACTED]
said he had observed men and women in Cuba drilling with guns,

105-12-210-2003

FOREIGN POLITICAL MATTERS - CUBA

and that there were many soldiers patrolling the highways in the Isle of Pines.

[REDACTED] stated that a [REDACTED] an American living in the Isle of Pines, has some knowledge of military installations in that area. [REDACTED] said that [REDACTED]

[REDACTED] is in contact with anti-Communist groups and is presently staying in the Methodist parsonage in Nueva Gerona on the Isle of Pines. [REDACTED] expects to return to the United States in the latter part of August, 1960, and will be at 11489 52nd Avenue North, St. Petersburg, Florida. 67C

[REDACTED] further stated that on July 4, 1960, he observed three Russian ships in the Havana Harbor. He was certain they were Russian ships by the markings of the hammer and sickle on the funnels.

PROPERTY OF THE FBI - This memorandum is loaned to you by the FBI and neither it nor its contents are to be distributed outside the agency to which loaned.

This data on efforts of Cubans to
obtain tankers for delivery of Russian crude
oil to Cuba is being disseminated to State,
Central Intelligence, military agencies,
Department of Defense, and Department
of Energy. The person making the over-
sight is U.S. citizen reportedly working
for Cuban Air Force in Cuba.

b7c

Aristotle Gannsis, prominent Greek
shipping magnate, is mentioned herein as one
who might be approached to supply tankers to
Cuba but source doubts that Gannsis would
jeopardize his own interests.

We have, however, separately
received data today that Gannsis was to be
in Cuba on July 6, 1960, to see Fidel Castro
personally regarding the shipping shortage.
This is being afforded the same dissemination
as above.

Dear Dick:

CLASSIFIED BY ALB 62192 BE/12/13bm

During the past few weeks we have received unconfirmed reports that many nationals of Communist China are arriving in Cuba.  the Spanish-language newspaper "El Diario de Nueva York" of New York City, has informed our New York Office that a source, whose identity he does not desire to reveal, overheard Cuban Foreign Minister Raul Roa in early July, 1960, make the statement that 1,000 Communist Chinese guerrillas have arrived in Cuba during the past two months and that 1,500 more are en route there.

b7c

Roa, who has been in New York City recently, was quoted as stating that one reason for his visit was to make preparations to remove the most important files from the Cuban Consulate, New York City, to Cuba. It is noted that Sarmiento previously advised he had been told of preparations by employees of the Cuban Embassy, Washington, D. C., to leave for Cuba on the basis that a break in diplomatic relations between the United States and Cuba was imminent.

I have made the foregoing available to the appropriate agencies of our Government.
